

Virtual Certification

TWO ASSESSMENTS

DUAL CERTIFICATION June 23 & 25, 2020

It is a great time to build self-awareness, making sure your leaders are equipped to handle rapid change during these challenging times. It's also a good idea to build influence capabilities to help others navigate uncertainty. Your leaders have to be better at showing both empathy and holding people accountable for results. Our assessments are proven tools to help leaders accomplish this. We want to do our part. We believe in you. We believe in our tools. Join our pay it forward campaign and build your skills to accelerate talent in 2020.

You will be certified in the **Awareness 20/20™** (A2020). This assessment is a tool that measures personal awareness, which we know is the super predictor of leadership success. You will also become certified in the **Language of Influence™** (LOI). LOI is packed full of predictors for leadership success, helping individuals, teams, and organizations navigate change, communicate more effectively, and transform in very practical ways.

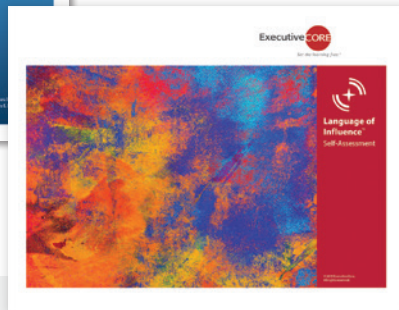

These tools are used by people who consult, who coach and also facilitate. Learn how to expand your use of metrics with clients.
